## Elite / Elite Plus™ Boiler Limited Warranty

Twelve year warranty to assure your complete satisfaction.

HTP warrants each Elite / Elite Plus™ boiler to be free from defects in material and workmanship according to the following terms, conditions, and time periods. **UNLESS OTHERWISE NOTED THESE WARRANTIES COMMENCE ON THE DATE OF INSTALLATION.**

### COVERAGE

- A. HTP warrants that it will repair or replace, at its option, without charge, any defective Elite / Elite Plus™ boiler or malfunctioning component thereof that is found to have failed due to manufacturer's defect during the first year after installation (with the exceptions of the Elite / Elite Plus™ Blower Motor and the Elite Plus™ Burner, which will have a limited warranty of 3 years). HTP will **NOT** accept claims from the purchaser for labor costs incurred as a result of the repair, replacement, removal, or reinstallation of an Elite / Elite Plus™ boiler or any component thereof. It is expressly agreed between HTP and the purchaser that repair or replacement are the exclusive remedies of the purchaser.
- B. During the second through twelfth years after the date of installation, HTP will repair or replace, at its option, any defective Elite / Elite Plus™ boiler found to have failed due to a leaking heat exchanger at a cost to the purchaser equal to the following percentages of the manufacturer's list price in effect at the date of replacement.

<u>Year of Claim</u>	<u>2-7</u>	<u>8 &amp; 9</u>	<u>10 &amp; 11</u>	<u>12</u>
Percentage to be paid by purchaser	0 %	25 %	50 %	75 %

No other component of the boiler will be replaced during this period. HTP will **NOT** accept claims from the purchaser for labor costs incurred as a result of the repair, replacement, removal or reinstallation of an Elite / Elite Plus™ boiler or any component thereof. It is expressly agreed between HTP and the purchaser that repair or replacement are the exclusive remedies of the purchaser.

- C. Should a defect or malfunction result in a leakage of water within the above-stated warranty periods due to defective material or workmanship, malfunction or failure to comply with the above warranty, such as defects or malfunctioning having been verified by an authorized HTP representative, HTP will replace the defective or malfunctioning Elite / Elite Plus™ boiler with a replacement boiler of the nearest comparable model available at the time of replacement.
- D. If HTP is unable to repair or replace an Elite / Elite Plus™ boiler so as to conform to this warranty after a reasonable number of attempts, HTP will then provide, at its option, a replacement unit. These remedies are the purchaser's exclusive remedies for breach of warranty.
- E. If, at the time of a request for service the purchaser cannot provide a copy of the original sales receipt or the warranty card registration, the warranty period for the Elite / Elite Plus™ boiler shall then be deemed to have commenced thirty (30) days after the date of manufacture of the Elite / Elite Plus™ boiler and **NOT** the date of installation.
- F. This warranty extends only to Elite / Elite Plus™ boilers utilized in closed loop heating applications that have been properly installed based upon manufacturer's installation instructions. The use of the Elite / Elite Plus™ boiler for potable water-heating shall void any coverage under this warranty.
- G. Replacement parts will be warranted for ninety (90) days.

### OWNER'S RESPONSIBILITIES

3. Check condensate lines to confirm that all condensate drains properly from the boiler.
4. Use the boiler in a closed system with a properly sized and installed thermal expansion tank.

6. Operate the boiler at water pressures not exceeding the working pressure shown on the rating plate.

### PROCEDURES FOR WARRANTY SERVICE REQUESTS

Any claim for warranty assistance must be made promptly. Determine if the boiler is “in-warranty” (that is, within the applicable warranty period) by reviewing a copy of the original sales receipt. You must present a copy of the original sales receipt for a warranty service request.

If your boiler is “in-warranty”, contact the retailer from whom the boiler was purchased (or the installer) for assistance. Be prepared to provide the retailer or installer with a copy of your original receipt, complete model and serial numbers, and the date of installation of your boiler, in addition to explanation of your water heater problem.

Warranty coverage is subject to validation of “in-warranty” coverage by HTP claims department personnel. All alleged defective or malfunctioning parts must be returned to HTP via the **local distribution channels** where original purchase was made. **NOTE: Any parts or boilers returned to HTP for warranty analysis will become the property of HTP and will not be returned, even if credit is denied.**

If all warranty conditions are satisfied, HTP will provide replacement parts to the retailer.
